PROFESSIONAL SUMMARY

Graduate (2026) with a CGPA of 8.28, seeking a Python/Django Backend Developer role. Skilled in developing full-stack web applications and RESTful APIs using Django and Django REST Framework. Proficient in Python, MySQL, authentication systems, and role-based access control (RBAC). Experienced in AI-assisted development, prompt engineering, and collaborative agile workflows.

EDUCATION

B.E. Electronics and Communication Engineering | Hindusthan College of Engineering and Technology (Anna University) 2022 – 2026

CGPA: 8.28 / 10.0

Higher Secondary Education (12th Grade) | Kamlavathi Higher Secondary School — State Board 2022

Percentage: 85.5%

Secondary School Certificate (10th Grade) | Pearls Public School — CBSE 2020

Percentage: 82.4%

TECHNICAL SKILLS

Programming Languages: Python, SQL

Frameworks & Libraries: Django, Django REST Framework (DRF)

Frontend Technologies: HTML5, CSS3

Databases: MySQL, SQLite, Relational Database Management System (RDBMS)

APIs & Architecture: RESTful API Design, JSON, HTTP Methods, API Testing

Authentication & Security: Session-Based Authentication, Role-Based Access Control (RBAC), Token Authentication

Developer Tools: Git, GitHub, VS Code, Postman

AI & Productivity: Claude AI, Prompt Engineering, Token-Efficient Prompt Design

Core CS Concepts: DBMS, OOPs

PROFESSIONAL EXPERIENCE

Python Backend Developer Intern | Canopus GBS Pvt Ltd, Bengaluru Feb 2026 – Apr 2026

Designed, developed, and tested RESTful APIs for production-grade web applications using Python and Django, following REST architectural principles. Built and optimized backend modules and integrated relational databases (MySQL) for efficient data storage, retrieval, and query performance.

PROJECTS

Student Portal Web Application Python | Django | DRF | HTML | CSS | MySQL | 2026

Developed a full-stack web application using Django and Django REST Framework with multi-role access control for Students, Teachers, and Management. Implemented secure RESTful APIs with session-based authentication, fee payment workflows with receipt uploads, approval/rejection mechanisms, and automated email notifications via Gmail SMTP. Built role-specific dashboards for CGPA tracking, fee management, and CRUD operations while managing SQLite for development and MySQL for production. Also integrated Claude AI with token-efficient prompt engineering to enhance development productivity. GitHub : <https://github.com/rajathi472-sys/Student-Portal>

CORE COMPETENCIES

Problem Solving | Logical Thinking | Fast Learner | Team Collaboration | Communication | Attention to Detail | Self-Motivated | Adaptability
