RAJATHI P

Software Developer | Django | REST APIs | Full-Stack Web

+91 6383743034 | rasrajathi472@gmail.com | github.com/rajathi472-sys

PROFESSIONAL SUMMARY

Software Developer (2026) with a CGPA of 8.28, specialising in Django and Django REST Framework. Hands-on experience building multi-role full-stack web applications, designing RESTful APIs, and integrating MySQL for production. Completed an industry internship as a Python Backend Developer; eager to contribute to scalable backend systems.

EDUCATION

B.E. Electronics and Communication Engineering

Hindusthan College of Engineering and Technology, Anna University | CGPA: 8.28 | 2022 – 2026

Higher Secondary (12th Grade)

Kamlavathi Higher Secondary School | State Board | 85.5% | 2022

Secondary School (10th Grade)

Pearls Public School | Central Board | 82.4% | 2020

TECHNICAL SKILLS

Languages: Python, SQL
Frameworks: Django, Django REST Framework (DRF)
Frontend: HTML, CSS
Databases: MySQL, SQLite
Tools & Platforms: Git, GitHub, VS Code, Postman
Core Concepts: REST APIs, DBMS, Session-based Auth, Role-based Access Control

INTERNSHIP EXPERIENCE

Python Backend Developer Intern · Canopus GBS Pvt Ltd, Bengaluru *Feb 2026 – Apr 2026*

- Built and tested RESTful APIs for web applications using Python and Django.
- Developed backend functionalities and integrated relational databases for data storage and retrieval.
- Participated in team code reviews and development workflows, gaining exposure to professional practices.

PROJECTS

Student Portal · *Python · Django · DRF · HTML · CSS · MySQL 2026*

- Built a full-stack web application with multi-role access for Students, Teachers, and Management.
- Designed RESTful APIs using Django REST Framework with session-based authentication and role-based access control.
- Implemented a fee payment workflow with receipt upload, management approval/rejection, and automated email notifications via Gmail SMTP.
- Created dedicated dashboards for students (CGPA, fees) and management (student/teacher CRUD, fee oversight).
- Used SQLite for development and MySQL for production deployment.

PERSONAL COMPETENCIES:

- Strong problem-solving and logical thinking
- Ability to learn new technologies quickly
- Team collaboration
